

## Statement by S&K LABEL spol. s r.o. on Covid-19 disease

Dear customers and business partners,

In connection with the extraordinary measures announced by the Czech government concerning the spread of the Covid-19 disease we would like to inform you that S&K LABEL spol. s r.o. is monitoring the situation closely, we have taken a number of preventive actions in our company.

In spite of all the actions taken, we are now in a situation that we are not fully able to control and which substantially affects the continuity of our production. These problems are mainly due to complications in transport, prolonged delivery times and ordered quarantine of some areas.
